## Safeguarding Policy and Procedure for Sheffield U3A

### 1 Policy statement

This policy and procedure is written to enable the SU3A and its members to address issues where there are safeguarding concerns that arise during SU3A activities.

Safeguarding includes incidents between members, concerns regarding abuse or neglect that a U3A member may be experiencing outside of the U3A, health related issues or previous or pending criminal convictions.

Sheffield U3A ("SU3A") has a duty of care to its members but does not hold any statutory authority. Matters of concern will be reported to the relevant safeguarding authorities and charity regulatory authorities, as appropriate.

SU3A recognises that some people are potentially at risk of abuse and neglect. Where abuse or neglect is suspected the Executive Committee of SU3A ("the EC ") will aim to respond in a prompt and efficient manner to any situation where there is a risk of, or perceived risk of, harm.

SU3A recognises that there are various forms of abuse which can be perpetrated by volunteers, members, relatives, friends and neighbours.

SU3A will neither condone nor tolerate any form of abuse or neglect and believes that all people should be able and, where necessary, enabled to live in an environment which is safe and free from harm.

It is not appropriate for SU3A to take the lead role in any Safeguarding Enquiry under Section 42 of the Care Act 2014. Where there are serious concerns regarding abuse or neglect the EC will seek advice and support from the Third Age Trust, where possible, and will contact the relevant statutory authorities, as needed. The EC will monitor the implementation of this policy annually and formally review the procedure every 5 years.

In following the safeguarding procedure, members of SU3A and the EC will strive to uphold the principles that those involved in incidents are entitled to:

- privacy
- be treated with dignity and respect
- lead an independent life and to be enabled to do so
- choose how they live their lives
- the protection of the law
- have their human and civil rights upheld regardless of ethnic origin, gender, sexuality, impairment or disability, age, religious or cultural background.

The principles enshrined within the Care Act 2014 should be respected, namely:

- **Principle 1 – Empowerment** – whereby the approach is focused on the individual making their own decision and gaining informed consent, where possible.
- **Principle 2 – Prevention** – seeking to take steps to prevent issues from arising or escalating.
- **Principle 3 – Proportionality** – responding in a proportionate way to the issue/s being presented.

- **Principle 4 – Protection** – seeking to keep the membership safe and protection for those deemed to be at risk.
- **Principle 5 – Partnership** – reporting incidents to the relevant statutory bodies and liaising with Third Age Trust.
- **Principle 6 – Accountability** – accurate recording of incidents. Reporting incidents, as required, to the Trust and relevant regulatory authorities.

## 2 Procedure

The EC has a responsibility to ensure that all its committee members and all group leaders understand their safeguarding responsibilities.

Depending on the nature of the allegation and the identified risk, SU3A will support the alleged victims and the alleged perpetrators of any abuse in so far as this does not compromise any safeguarding enquiry or investigation into the allegation or place other adults at risk.

Every effort will be made to respect the confidentiality of any information that is disclosed under this policy and procedure, however due to the seriousness of allegations confidentiality is not absolute. Information will be recorded and stored securely in accordance with Data Protection Act 2018 but information may have to be shared, on a 'need-to-know' basis only, to prevent:

- Danger to a person's life
- Danger to a person's health
- Danger to others
- Danger to the community
- or to prevent or to facilitate the investigation of a serious crime

### 2.1 Courses of action

- SU3A's approach to safeguarding will include
  - members who exhibit health concerns that could put themselves or others at risk,
  - convictions (previous or pending) that include offences of a sexual or violent nature,
  - inappropriate behaviour exhibited by a member including sexual advances, bullying, aggression or violent behaviour, harassment and/or discrimination.

These can include behaviour exhibited face to face as well as electronic communications or via social media platforms.

- Where a serious safeguarding concern becomes apparent, steps should be taken, as needed, to ensure the safety of adult/s at risk is secured as a first priority. In the first instance, it is likely that a member or Group Coordinator will become aware of a safeguarding concern. Please refer to Section 3 below.
- The member or Group Coordinator should raise the safeguarding concern with a member of the EC

	Review <b>February 2025</b>

- The steps to take to address this will be discussed and agreed within the EC in the first instance. No EC member, Group Coordinator or member should act in isolation when dealing with a safeguarding concern.
- Where the EC becomes aware of a safeguarding concern, the first step will be to gather as much information as possible to assist with the decision as to the next steps. A risk assessment will be developed and recorded as soon as possible after the concern comes to the attention of the EC. Where it is deemed that the risk is high and immediate action needs to be taken, the EC will contact the relevant local authorities and – where possible – Third Age Trust for advice and support.
- As far as possible, the adult at risk's wishes will be respected as to whether or not to refer any concerns to the local authority as a Safeguarding Enquiry under Section 42 of the Care Act 2014. However, it may be necessary to override their wishes in the best interests of other adults at risk.
- In developing the risk assessment, the EC will take advice and consider the level of risk and the action that needs to be taken accordingly. Assessment of risk will include:
  - Risk to the individual member
  - Risk to other members within SU3A
  - Reputational risk for SU3A and the U3A movement as a whole
- Where the risk is not deemed to be high but support is needed, the EC will contact Third Age Trust to discuss the concerns and seek additional assistance in developing the risk assessment. Assistance will always be sought before moving to exclude any member from SU3A on the basis of a safeguarding risk assessment.
- Once the risk assessment is completed, the EC will decide as to the most appropriate course of action. This could include excluding members from certain groups i.e. groups held in people's homes, requesting that a member attends SU3A with a carer or excluding a member from a group run by a particular group leader.
- Depending on the nature of the allegation it may be necessary to pursue the incident following SU3A's grievance procedure. Where it is decided that this is the best course of action the matter will not be investigated by any party that was privy to the initial reporting of the incident.
- All actions taken will be recorded. Any records will remain confidential unless a prior decision has been taken to share the record with the relevant statutory bodies.

### 3 Dealing with Disclosure

If someone discloses a safeguarding concern to you:

#### 3.1 Do

- Stay calm and try not to show shock or disbelief.
- Listen carefully to what they are saying.
- Be sympathetic (I'm sorry that this has happened to you').
- Be aware of the possibility that medical evidence might be needed.
- Tell the person that:
  - They did the right thing to tell you
  - You are treating the information seriously. It was not their fault.
  - You are going to inform the appropriate person.
  - You/ will take steps to protect and support them.
- Record and report the disclosure in line with the procedure.

#### 3.2 Do not

- Press the person for more details; this will be done at a later date.
- Stop someone who is freely recalling significant events (Don't say 'hold on, we'll come back to that later'; they may not tell you or anybody else again).
- Promise to keep secrets; you cannot keep this kind of information to yourself.
- Make promises you cannot keep (Such as 'This will never happen to you again').
- Make contact with the alleged abuser unless they are also a U3A member and it is necessary to do so to safeguard other members and/or the alleged abuser.
- Be judgemental.
- Pass on the information other than to those with a legitimate 'need-to-know' under this policy and procedure.

#### 3.3 Record of disclosure

In your **record of the disclosure** you should aim to:

- Note what people actually said, using their own words and phrases.
- Describe the circumstances in which the disclosure came about.
- Note the setting and anyone else who was there at the time of the disclosure.
- Separate factual information from your own and others' opinions.
- Use pen or biro with black ink so that the report can be photocopied if needed.
- And be aware that your report may be required later as part of a legal action or disciplinary procedure.
